

April 12, 2018

Dear Parents/Guardians:

Hanover School Division is hosting a **Career Café & Exhibition** on Wednesday, May 2, 1:30-4pm and 5-7pm, at Steinbach Regional Secondary School. This exciting event is **open to all Hanover School Division students and their parents/guardians** because it's never too early to start career preparation!

The **Career Café** is an opportunity for students, along with their parents or guardians, to meet individuals from the business community and speak one-on-one with them about their careers, what education/training they needed, what they do in a typical day and any advice to students considering a job in their field. **There will be over 60 professionals from 16 different industries.**

There will be **display booths from over 40 exhibitors** representing many diverse businesses, sector councils and organizations that can help in career development planning and decision-making. These exhibitors will be able to provide additional information, guidance and expertise.

Local companies will be on hand to promote career opportunities within their organization as well as a job board showing current job openings in the Hanover area for students looking for work.

Youth Employment Services will be on hand to provide resume and cover letter help as well as financial/tuition information for youth in care.

The objective of the Career Café and Exhibition is to increase community and business involvement with our students while helping them learn about occupations, essential skills needed and learn how their education connects to employment opportunities. Providing this career guidance platform will enrich our student's relationship with what they are doing in school to "the real world" and help them in their education and career planning.

This will be a great day designed to help prepare students about what to do after high school so don't miss this exciting event! If you require further information, please email dsteiner@hsd.ca or call 204-320-2331. Please help make this event a success for everyone!

Please see the attached poster for a detailed list of exhibitors.

Kind Regards,

Darcey Steiner
Career/Life Exploration Coordinator
Hanover School Division

What courses do I need to take?

*Why do I need to learn this?
I won't use it in the real world!*

What should I do after high school?

*What do I need to do to become a
(insert your dream job here)?*

*Where can I find help to answer
these questions?*
